

Build Date	15/06/2024
Build No.	1272
Database Date	06/06/2024

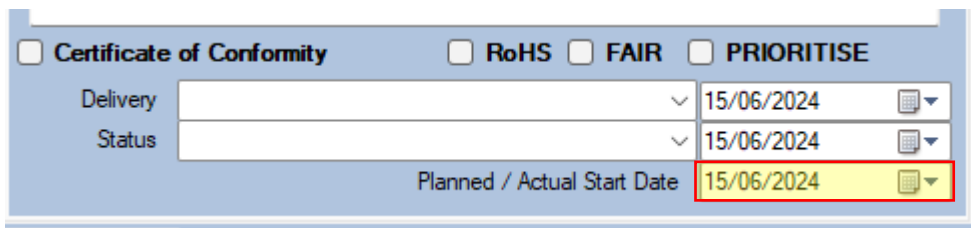

► Added emailed column in dispatched history to identify if delivery note has been emailed. (N/A is used for historical records that predate this update)

	'DEL NO'	DEL_DATE	COMPANY_NAME	METHOD	NOTES	'PRINTED'	'EMAILED'
▶	00189	15/06/2024...	SEVERON TECHNOLOGY PRECISIO...			NO	NO
	00188	08/04/2024...	KB ENGINEERING LTD			NO	YES
	00187	08/04/2024...	KB ENGINEERING LTD			NO	N/A
	00186	27/08/2024...	ALPHA AEROSPACE LTD			NO	N/A

► Added job planned / actual start date to order processing.

An optional date that can be used for planning and reporting. The date will default to 01/01/2001 which will indicate no planning in place until a date is selected.

Delivery: 15/06/2024
 Status: 15/06/2024
 Planned / Actual Start Date: 15/06/2024

► Added no prompt on closing option in settings.

This prevents new prompts to the user to check if they are sure they want to exit Dataplate. In addition, automatic backups will continue to be made if the option is selected without prompts.
